BRAINERD HONORS ITS SOLDIER HEROES

Town and Countryside Pay Tribute to Boys of '61 and to Later Wars Including World War

REV. ERRINGTON WAS SPEAKER

Paid Tribute to Those Who Gave Their All in Defense of Country and High Ideals

Memorial Day was observed in patriotic manner in Brainerd. During the morning exercises there was nothing to counteract or detract from the exercises, simple but eloquent in their nature.

The day was cool and the sun absent. Flags were at half mast from schools and other public buildings.

The parade, as usual, was a feature of the day. Franz R. N. Anderson was marshal of the day. Service men marched in uniform and others not uniformed wore their Victory medals and "civvies". All branches of the service were represented. The Brainerd Municipal band had 28 men in line and played in splendid manner.

Veterans of '61 and women of the veterans' auxiliaries rode in automobiles. More than half the parade was made up of the schools and they were there in full glory, carrying innumerable flags and pennants. Teachers chaperoned them.

At Evergreen cemetery Rev. Fred Errington, speaker of the day, paid a tribute to those fallen in defense of country. He traced American history and compared the days of the Spaniard who came to conquer with the heroic work of the early pioneers who sought a haven for freedom in religion and government.

The boys of the World War fought to put an end to all war. America gave an ideal to the world. It was the one which offered freedom of opportunity and religion. There were here 110,000,000 people imbued by a common ideal.

Men sometimes complained of hardship in America. It was as nothing compared to what was being endured in sections of Europe. No country is as prosperous as America, said the speaker.

Veterans of '76, of '61 and '17 and '18 followed the star as a guide, the star which stands for the hope of the world, for an ever enlarging spirit of freedom and democracy and which meant equal justice, equal rights and equal opportunity.

The speaker called attention to the friendship between America and Canada, the border line of which nations carried no fortresses, no treat of armed men, because the ideals of justice, liberty and equality permeated both.

The motto of ancient Castile was to make men and break them. "But America", said the speaker, "Makes men and breaks none".

The Memorial exercises included a selection by the Brainerd Municipal band entitled "America to France" by Hadley; the invocation; proclamation read by Albert Fox, Commander of the G. A. R.; chorus "America", directed by Miss Marion Opsahl; Lincoln's Gettysburg Address" by Donald Closterman; music by a quartet; memorial address by Rev. Errington; G. A. R. conducted by Commander Albert Fox and Post Adjutant J. A. Wilson; "Melody of Peace" by the band; decoration of the cross; "Star Spangled Banner" directed by Miss Opsahl; firing squad; taps.

U. S. AGAIN DECLINES INVITATION TO THE HAGUE CONFERENCE

(By United Press.) Washington, May 31.—The United States has rejected another invitation from the allies to participate in the forthcoming conference of the allies with Russia and Germany at The Hague, it was made known at the state department today.

The allied ambassadors here, approached Secretary of State Hughes informally with the suggestion that this government delegate representatives to sit on the two Hague commissions on the ground that they were to deal with economic suggestions in line with the desires of the United States.

BUSINESS MAKING STEADY PROGRESS TOWARD RECOVERY

THE DEPARTMENT OF COMMERCE ANNOUNCED TODAY FOLLOWING SURVEY

(By United Press.) Washington, May 31.—Business is making steady progress toward recovery, the department of commerce reported today following a survey of conditions for April. Building construction and automobile production increased approximately 30 per cent during April over March while building increased to an even greater extent, reports show.

The most encouraging sign of better business during April was the hardening of prices, the department said.

A few commodities registered increases and others fell off, but in general the price structure was more stable than in many months.

The metal industry is holding its own. Steel mills operating at 75.07 per cent capacity in April compared with 68 per cent in March. Shipments and unfilled orders are steadily increasing.

FORD CALLS FOR 'SHOWDOWN' ON SHOALS OFFER

(Copyright 1922 by United Press.) Dearborn, Mich., May 31.—Henry Ford will not agree to the separation of the Gorgas Steam and Power plant from the general Muscle Shoals project as was suggested by the house military affairs committee in their offer which they presented to Ford as a basis for a "new" offer.

In a few crisp sentences Ford called for a "showdown" on the part of the committee. He asks for the immediate presentation of his proposition to congress for acceptance or rejection. He calls the attention of the committee, it is reliably reported, to the fact that his proposition has been before congress since July 8, 1921, and that it is high time now that steps be taken to bring the matter to a final issue.

In his letter accompanying the "final proposition" Ford, it is said, makes it very clear that he regards the Gorgas Steam and Power Plant as an essential portion of the Muscle Shoals project.

Maintenance of Way Workers Take a Strike Vote on Wage Cut

(By United Press.) Detroit, Mich., May 31.—Strike ballots went from the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers headquarters here today.

Last night the executive council voted to put the question of the strike "The ballots ask whether or not the up to the 478,000 members of the union. workers will accept a cut," said Edward F. Grable, president. "If not, I am empowered to call a strike for July 5."

Ward Killed Peters In Library of Home Theory of Authorities

(By United Press.) White Plains, N. Y., May 31.—Walter S. Ward killed Clarence Peters in the library of his home in Rochelle in the theory Westchester authorities are attempting to prove today.

The authorities have information, it was learned, that Ward shot a companion of Peters at the same time. The companion was seriously wounded. It was said, and is now in a serious condition in a hospital.

The shooting, according to latest developments, took place in the Ward library on the evening of May 13 and not 4 o'clock on the following morning as Ward said in his confession statement.

McCUMBER WILL COME HOME TO FIGHT FOR RENOMINATION

(By United Press.) Bismarck, N. D., May 31.—Senator Porter J. McCumber is expected to return to his home state in time to do some fighting for the republican nomination.

A three cornered race for the seat is on. The filing time expires Monday. Former Governor Lynn Frazier, endorsed by the nonpartisans, and Ormssey McHorg, of Jamestown, will oppose McCumber for the nomination. McCumber is expected to deduct from the McCumber vote, according to political sharks.

J. F. T. O'Connor, of Grand Forks, and F. O. Helstrom, of Bismarck, are seeking the Democratic nomination.

McCUMBER BONUS BILL ENDORSED BY SENATE COMMITTEE

(By United Press.) Washington, May 31.—The senate finance committee today ordered a favorable report on the McCumber soldier bonus bill. The vote was nine to four.

By a vote of eight to five the committee rejected Senator Smoot's substitute.

HOOVER ASKS COAL PRODUCERS TO REDUCE COAL PRICES

TO GENERAL LEVEL, WHICH IS CONSIDERABLY BELOW PRESENT PRICES

(United Press Staff Correspondent.) Washington, May 31.—Coal production is running 3,000,000 ton a week behind consumption, Secretary of Commerce Hoover, declared today in addressing the general conference of non-union coal operators convened here for the purpose of curbing profiteering in fuel.

Production is at the rate of 5,000,000 tons a week, and consumption is 8,000,000 tons.

Hoover called upon the 1500 non-union coal operators of the country to reduce prices of fuel to a "general level."

This level, Hoover said, is considerably below the prices maintained at present in many coal districts. Hoover pointed out that coal prices have scored advances ranging from 25 to 60 per cent since the mine strike began. These advances, he declared, are not justified and he urged concerted action to protect the public against profiteers.

The general conference today was called by Hoover following a preliminary conference with 40 operators two weeks ago.

DISMISSED SCHOOL TEACHER SUICIDES

ELGIN BOARD RESCINDS ACTION OF WHOLESAL DISMISSAL — CITIZENS INDIGNANT

(By United Press.) Elgin, Ill., May 31.—School trustees of Elgin today rescinded action on dismissal of 14 teachers to still opposition aroused by the suicide of Mary E. Long, one of the discharged instructors. Miss Long, for 25 years a teacher in Elgin schools, killed herself as a result of dismissal a few months before she could have retired on a pension.

A mass meeting of citizens declared the wholesale release of teachers was due to a political feud and appointed a committee to call on the board at a midnight session.

The trustees attempted to escape from the room by a side door, but were stopped by the committee who told of threats of mob action at the mass meeting. Rescinding of the dismissal was then announced, trustees stating that they would take up each teacher's case individually.

CONSIDER TREATY IS BROKEN IF DAIL MEMBERS REFUSE TO SIGN

COLONIAL MINISTER MAKES A FORMAL STATEMENT TO THAT EFFECT IN COMMONS

IRISH REBELS VICTORIOUS IN FIGHTING ON THE ULSTER BORDER

(United Press Staff Correspondent.) Belfast, May 31.—Irish insurgents today held a considerable section of Ulster territory in the vicinity of Beeleek Fermanagh, following fighting yesterday.

The republicans defeated crown forces in battle. They were consolidating their positions today while companies of the captured regions are fleeing northward and are living as refugees.

London, May 31.—Threat that the British government may again assume control of Ireland was made in the House of Commons today by Winston Churchill, minister of the colonies.

The colonial minister made his statement on Irish affairs to a crowded house. He declared that if Eamonn De Valera and other members of the Dail Eireann refuse to sign the prescribed declaration of allegiance to the crown embodied in the peace treaty establishing a free state, Great Britain will consider the treaty broken.

"In that event," Churchill declared, "the imperial government will resume liberty of action in Ireland."

Michael Collins and Arthur Griffith were in the gallery and heard Churchill's challenge.

They held a brief informal conference with Lloyd George early today, and then went to the House.

"The government under no circumstances will deviate from the strict line and honest spirit of the Irish peace treaty," Churchill continued.

He explained that Great Britain was prepared to carry out its part of the compact and that similar adherence to the treaty would be demanded of the Irish.

Trouble in southern Ireland, of Irishmen, who are not prepared to uphold the treaty, was a violation of the pact, he said.

American officials killed in Russia—Robbers derail train

(By United Press.) London, May 31.—Several American relief administration officials in Russia were killed when robbers derailed, wrecked and looted an A. R. A. food train in northern Caucasus, according to a Moscow dispatch received here today, via Copenhagen.

MURPHY WINS RACE AT INDIANAPOLIS; A RECORD CROWD

LEADER HANGS UP AVERAGE OF 94 MILES AN HOUR AT 450 MARK

Indianapolis, May 31.—Motor speedway officials today discovered that Jimmie Murphy, winner of the 500 mile race did not lead every lap as had been officially announced.

A faulty device confused officials during the race and after the last man had crossed it was discovered Harry Hartz of Los Angeles who finished second, had lead all laps between the 74th and 122d with the exception of four which went to Ralph DePalma in the 84th 85th and 86th and to Leon Dury in the 75th.

This divides the lap prizes among the four drivers. Murphy received \$6,100 in addition to his \$20,000 for first place, and a number of trophies and accessory prizes worth thousands of dollars.

Speedway, Indianapolis, May 31.—Jimmie Murphy of Los Angeles, winner of the French grand prix in 1921, won the 500 mile automobile race at the Indianapolis speedway yesterday before a record breaking crowd of 135,000. Murphy won \$25,000 in cash prizes.

Murphy flashed into the lead at the start of the race and retained it, although officials previously announced that he momentarily lost it when he stopped two minutes at 185 miles to change four tires and replenish fuel.

The error was made in the checking. At 450 miles Murphy was setting a terrific pace Hartz was second and Eddie Hearne third. The time was 4:45:25.76, an average of 94.53 miles an hour, as compared with 89.41 miles an hour for the same distance a year ago.

Murphy, at the half way mark, was fighting desperately to regain the lead which he had held for the first 185 miles. Ralph DePalma, a favorite with the crowd, was in seventh place. The race was witnessed by a record breaking crowd of 135,000 persons, who were on their feet most of the time watching the thrilling brushes between the drivers.

Tommy Milton, 1921 speed king, and winner of last year's race, was forced out of the grind along with four other drivers of the 27 starters before the race was half finished. Milton's car was damaged by a broken gasoline line.

Representative Crow Wing County—P. J. Long Ironton; O. O. McCoy, Trommald; J. O. Ostby, Pequot.

WATSON INVITES LENROOT TO COME OUT AND FIGHT

(By United Press.) Washington, May 31.—Senator Tom Watson, the scrapping Georgian, today invited Senator Lenroot, of Wisconsin, to combat in the senate chamber or outside, after Lenroot called Watson to ask for statements recently made about Secretary of Commerce Hoover.

Watson in debate said Hoover never published any vouchers or accounts of the large sums he handled during the war in relief funds.

Lenroot said the statement was unfounded and asked to have a letter from Hoover read.

Watson objected and then Lenroot read the letter.

Hoover said he had published detailed accounts of the bills and relief funds and that those accounts were audited.

"This is about the third time the insolent junior senator from Wisconsin has personally attacked me," said Watson with great heat when Lenroot finished. "I defied him in the past, and say to him I defy him now and am ready to meet him here or outside."

SHOPMEN SEND ULTIMATUM TO THE U. S. LABOR BOARD

CRAFTS TO SEND OUT STRIKE BALLOT UNLESS FEDERAL AGENCY TAKES ACTION

Chicago, May 31.—A virtual ultimatum to the United States Railroad labor board was presented by the federated shop crafts representing 400,000 railway employees in a request today for a conference with the board Thursday, when the federal body will be asked to take immediate jurisdiction of all cases in which railroads are alleged to be disobeying the boards orders.

If the board declines, a strike ballot will go out at once to shopmen all over the country.

Rumblings that, it was predicted, will swell into open strike threats, and expressions of satisfaction because of the prospect of stimulated industrial activity were contrasts marking the reception of the labor board decision cutting nearly \$50,000,000 from the annual pay of 400,000 maintenance of way employees.

The rumblings came not only from headquarters of the men already hit by the wage reduction order, but also from railway employees who fear they are in line for a pay slash—100,000 shopmen and about 200,000 clerks, telegraphers, station employees and some smaller classes.

A decision affecting these classes and effective with the order involving the maintenances of way men—July 1—may be issued this week.

And just as disapproval extended beyond those immediately affected, so, likewise, was a feeling that the wage saving of millions will come as a public boon seemingly shared by many outside the railroad industry.

While issuing no formal statements, railway executives indicated that employment of thousands of men now idle had been made possible by the wage reduction. Particularly, it was said much maintenance of way work that has been neglected will now be undertaken.

eight cylinder car, grabbed the lead at the start, piloting his car around the treacherous south turn at a speed that brought the spectators to their feet.

Leon Dury, driving his first speedway race, was second and Ralph DePalma, favorite with the crowd, was trailing in third place. The time for the first lap around the 2½ mile course was 1:34.64, an average of 95 miles an hour.

Murphy continued his terrific pace and at the 50 mile mark was fully a half a mile ahead of Dury, who was second. The time was 31:29:33, an average of 95.27 miles an hour as compared with 92.62 miles an hour last year for the same distance. Harry Hartz was third and Ralph DePalma was fourth.

Howard Wilcox of Indianapolis was the first driver forced out of the race, valve trouble causing his withdrawal after he had gone 17½ miles.

Car Bursts Into Flames

Murphy clung to the head at the 100 mile mark with Hartz in second place. DePalma moved into fourth. The time was 1:03:14 an average of 94.07 miles per hour. Murphy at this point had won \$2,000 in lap prizes, receiving \$50 for each lap he led.

Jules Ellingboe was the second driver out of the race. He threw a rear wheel while speeding around the north turn and his car spun completely around three times crashing into a protecting wall. Neither Ellingboe nor his mechanic was injured. Jules Goux, driving a French car, was forced out by a broken axle, after he had covered 60 miles.

The car driven by Wilbur D'Alene burst into flames as D'Alene started his 103rd mile. After a heroic fight, the driver and his mechanic succeeded in extinguishing the blaze and the car was withdrawn, making the fourth to drop out of the race.

J. L. Rush, carpenter, 726 4th Ave. N. E., Brainerd, says: "My kidneys were giving me some trouble and the pain and misery I was in was intense. When I laid down I was bothered quite a bit and could get little rest. My kidneys bothered me at night and mornings I was stiff and sore across the small of my back. I had a steady, dull ache across my kidneys day and night. My kidneys acted frequently and the secretions were highly colored so I started using Doan's Kidney Pills. They relieved me so I could get back to work again, feeling as well as ever."

Mrs. D. E. Whitney First in Ladies Putting Contest, Mrs. T. B. Brusegaard Second

The contests for men in blind par and the ladies putting tournament at the Brainerd Country club grounds Tuesday afternoon brought out a large attendance. The afternoon was cool with a fine breeze and was thus conducive to bringing out the best efforts of the contestants.

As this was the first real contest inaugurated by the club under the direction of its instructor, 'Jock' Dryburgh, much interest centered around the various matches.

Winners of Blind Par Contest

Dr. W. A. Erickson, with 54 low gross, made the best score of the day. T. B. Brusegaard with 69, and a 30 handicap, net 39, won the blind par contest.

Second was Bob Duerr with 66 and a 25 handicap, net 41.

Other scores were:

	Handi-	Gross	cap	Net
1. T. B. Brusegaard	69	30	39	
2. Robert Duerr	66	25	41	
3. L. R. Tanner	66	24	42

CLUB EDITOR VISITS CITY

Mrs. J. Chesnut and Daughter of Minneapolis Guests of Mr. and Mrs. C. D. Johnson

Mrs. J. Chesnut and daughter, Miss Mae Pauline Chesnut, of Minneapolis, were week-end visitors in Brainerd, arriving by motor Saturday afternoon. They were guests of Mr. and Mrs. C. D. Johnson, of North Fifth street. Miss Chesnut is club editor of the Minneapolis Journal, but for the summer will be in the Travel and Resort bureau for tourists, conducted by the Journal.

On Sunday, Mrs. and Miss Chesnut, accompanied by Mrs. J. A. McColl and Miss Islay McColl visited a number of the summer resorts of this vicinity, including Breezy Point. Miss Chesnut was surprised at the splendid accommodations offered tourists and the plans made for their entertainment. She will have much first hand information to offer those visiting the Playground of the North, besides being well supplied with maps and booklets setting forth the many beauties of the summer resorts of Crow Wing county.

Womans Home and Foreign Missionary

The Womans' Home and Foreign Missionary society of the M. E. church will meet Thursday, June 1 at 3 o'clock at the church parlors. This is the last regular meeting, and a cordial invitation is extended to all members.

Lyngblomsten Circle

Mrs. D. T. Lawrence and Miss Resenberg will entertain the Lyngblomsten Circle Friday, June 9th at 510 South 6th street instead of Friday, June 2nd, as formerly announced.

LATE CANDIDATES' FILINGS REJECTED

A DECISION of the Minnesota Supreme Court has been announced which rules out filings for political offices higher than county officials, which do not reach the proper state officers on the day designated by law, regardless of the date on which they were mailed. The ruling bars filings for county officers later than 5 p. m. of May 29.

Among the filings which had been mailed May 10 and bore the postmark of that date, but were not delivered until May 11 and were then accepted by the Secretary of State, were those of John Knutsen and Peter J. Seberger of St. Cloud, who had filed as candidates for Congress from the Sixth district. Under the decision of the Supreme Court both these filings are held as not proper and will be taken off the primary ballots. This leaves Harold Knutsen as the only Congressional candidate now in the field in this district. However, while John Knutsen and Seberger are barred from the primary, they may file by petition as Independents for the fall election.

Another Congressional candidate who is disqualified under the Court's ruling is Iver M. Kalnes of Alexandria, who was a candidate for nomination on the Farmer-Labor ticket in the Seventh district. This means a close and bitter political struggle between Congressman A. J. Volstead and Rev. O. J. Kvale at the November election. Rev. Kvale, endorsed by both the Farmer-Labor and Democratic conventions, did not file for the primary election.

The chances of Kvale, with Democratic endorsement and a clear field with the radicals, are regarded as considerably enhanced by this ruling. It will be remembered that he defeated Volstead in the 1920 Republican primaries, but was disqualified under the corrupt practices act.

UNIQUE EDITORIAL OUTING

THIS YEAR'S outing of the Northern Minnesota Editorial Association will be of a unique character and is expected to attract many of the "fourth estate" folks. The outing will be held in August, in the Itasca State Park, and will be a genuine camping out affair, with fishing, campfires, hikes to interesting points in the park, and a program of sports and games for both men and women. Tents will be furnished, and there will be a big dining room, under canvass, where meals will be furnished, with an expert camp chef in charge of the cooking.

One day will be spent at Park Rapids, and an afternoon and night at Bemidji, where a formal reception and ball will be given at the Birchmont summer hotel. The entire program is not yet completed, but enough already has been decided upon, Doc Rutledge, the genial secretary of the association, assures us, "to assure a lively time every minute during the wakeful hours of the outing." And it may be added also that the golden hours of those care-free outings are usually mostly "wakeful" with the jolly folks who mingle together as one big happy family.

The State Editorial Association, at the annual meeting in Minneapolis last winter, accepted a general invitation to join with their Northern Minnesota brethren in the four-day frolic, Aug. 10 to 13, and editors and their wives living in all parts of Minnesota are expected to participate in the outing.

EUROPE IN NO MOOD TO DISARM

IT IS plain that the nations of Europe are at present at least in no mood to disarm, or even to substantially reduce the size of their armies, and no material progress toward the reduction of land armaments can be looked for during the next three or four years. Indeed, of all the nations participating in the Washington Conference, only China has as yet ratified the treaty which provides for naval limitations, though it is expected that similar action will be taken shortly by Japan.

The disarmament experts of the League of Nations, and the members of the temporary mixed commission on armaments, do not expect any further action toward reduction of land armaments for several years. This mixed commission on armaments is the instrument through which the League has been trying for the last two years to make some headway in the direction of world disarmament. The commission was created in September, 1920, by the first assembly of the League, and will end its work this June, when a final report will be drawn up for the September meeting of the assembly.

THE CONSUMMATION of the St. Lawrence-Tidewater project would mean a wonderful development for this section, and for the entire Northwest. A big fight is being put up for it by the Northwestern states, and especially by the Twin Ports at the head of the lakes, but if successful it will be well worth each year many times the effort that is being made to secure it.

SECRETARY FALL has reported to President Harding that economies have been instituted in the Department of the Interior which will bring a saving of \$936,416 during the current fiscal year. This is independent of the reorganization program of the departments recently inaugurated.

THE DEMOCRATS will at the primary select a candidate to oppose Gov. Preus, and the Baudette Region incidentally remarks that "It's a mean trick to play on the lad who gets the nomination."

Malt Syrups and Hops Food Necessities

Fargo, May 31—Malt syrup and hops are food necessities of life and therefore cannot be seized by prohibition agents. Neither are they basis for prosecution for violation of the Volstead act.

This was the ruling of Federal

Judge Andrew Miller, the first ever handed down on this point.

The decision was given in the case of E. E. Harnish, superintendent of the local Union Light and Heat and Power company, who was indicted for violation of the prohibition act. The syrup and hops were returned and the case dismissed.

North Dakota's share of the fifteen million dollar drive for missions, church needs and education will be discussed.

"Sentimental Tommy"

A complete Scotch village was built by Paramount at great expense for the John S. Robertson production of Sir James M. Barrie's "Sentimental Tommy," which has been announced as the bill at the Lyceum theatre tonight. Since most of the exteriors of the picture took place in Thrums, the fictitious name Barrie adopted for his native town of Kirriemuir, and it is impossible in present-day picture-making to actually transport a company

abroad for every change of locale, the Art Department, under the direction of Robert M. Haas, said they would construct a little bit of Scotland in Long Island.

The spot selected was near Elmhurst, and with the aid of photographs of Barrie's Thrums, obtained in a library, the village was made with such amazing realism that it attracted widespread interest from passersby. Every detail was put in the quaint cottages—thatched roofs were there, clotheslines with the washing on them, and smoke actually poured out of the curious chimneys. The crooked little streets with the inhabitants in native costume is one of the prettiest scenes imaginable.

JUNE IS "MIND'S PLANTING TIME"

Asked why Dakota Business College, Fargo, N. D., begins its school year in June when all others open in Fall, F. L. Watkins, Pres., said: "By planting the seed of business knowledge in June, our pupils' 'crop' is ready when there's the biggest market for it." He explained that most June pupils graduate in winter, the busiest season.

Even in "dull" months D. B. C. graduates are offered good places. Only recently Elizabeth Staiger was employed by the U. S. Veterans' Bureau. "Follow the Success Trail." Write F. L. Watkins, Pres., 806 Front St., Fargo, N. D.

is the logical phonograph for those who want music and entertainment wherever they happen to be. Small, compact, and of convenient dimensions it is easily tucked out of the way in auto or canoe. Its trim shape overcomes the annoyance which accompanies the carrying of a bulky case. Fifteen to eighteen records may be carried in it and held tightly in place on the turntable by an extension screwed into the turntable pivot. This makes an extra carrying case for records unnecessary.

The Sonora Portable is constructed of the best materials and workmanship along scientific lines. The same pains-taking care in its manufacture, the same sound box, tone arm, etc., which produces the superior Sonora tone quality is present in the Sonora Portable.

COMMENCEMENT OF HIGH SCHOOL JUNE 1

Tickets for Commencement to be on Sale at New Park Theatre Box Office 4 p. m. May 31

THE PARENTS' RESERVATIONS Are Very Heavy Because Class Number 70—Dr. C. A. Prosser Commencement Day Speaker

Tickets for high school commencement will be on sale at the box office of the New Park theatre after four o'clock Wednesday afternoon, May 31st.

On account of the large number of graduates in this year's class, the reservations for parents was very heavy and, as reservations for teachers and school board were also made as well as for the musicians who participate in the program, the parquet seats were pretty well depleted before the remainder of the plat could be put on general sale. There were, however, over three hundred and fifty left to be offered to the general public.

Dr. C. A. Prosser is a forceful speaker and should be able to make himself heard in every part of the house.

Dr. Prosser is president of Dunwoody Institute, one of the largest and best known schools in the Northwest and is probably in as great demand as a platform speaker as any man in Minnesota.

WORLD WAR VETERANS

Will Hold Regular Meeting at Club Rooms This Evening at 8 O'clock

The World War Veterans Gunard Erickson Post No. 10 will hold their regular meeting this evening at 8 o'clock in their club rooms over the New Park theatre.

After the meeting there will be a good time assured as there will be a boxing exhibition between Louie Imgrund of the World War Veterans and Billy Kutka of Southeast Brainerd who is well known in Brainerd as a corner. "Blacky" Clark of the Vets and some other wrestler will go on the mat and give a demonstration for ten minutes.

All members of the Vets should be present and take part in the meeting that promises to be an interesting one.

The Veterans held a meeting on Monday evening to discuss the Decoration day program which turned out to be a great success as the members turned out and made a good showing. This organization is taking interest in these holidays and with their new flag and turnout made squads look like old days.

Parade Committee of the Fiftieth Anniversary of Brainerd to Meet at Chamber of Commerce

CARL WRIGHT IS CHAIRMAN "Parade Going to be the Biggest and Best Ever Held in Brainerd", Said Mr. Wright

Carl Wright, chairman of the parade committee of the Fiftieth Anniversary committee, has called a meeting of that committee for tonight at the Chamber of Commerce rooms.

This will be an important meeting, declares Mr. Wright, as the places in the parade will be assigned and final arrangements made for the various floats.

"We want every member of the parade committee to be present", said Mr. Wright, "and also all members of float committees of organizations."

"The time is short. The parade is going to be the biggest and best ever held in Brainerd, but is imperative that we get under way on the home stretch immediately."

"Let's all turn out tonight. This is a big job and it means that every one must be up on his toes every minute between now and July 4."

WINNOR-ADAMS YARDS WERE SOLD TODAY

Standard Lumber Company of Winona Purchases Local Holdings of Winnor-Adams Lumber Co.

L. F. HOUGH TO BE MANAGER The New Lumber Company Operates 33 Retail Yards Throughout the State of Minnesota

The Winnor-Adams Lumber company on Wednesday sold its local holdings in lumber and fuel business to the Standard Lumber Company of Winona. Negotiations were carried to a successful conclusion by Carl Adams of the Winnor-Adams Lumber Co. and W. E. Heidel, treasurer of the Winona corporation.

The Standard Lumber company confines itself strictly to retailing lumber and fuel. It now has 33 yards in the following territory: Willmar, Benson, Appleton, Montevideo, Mankato, Winona, St. Peter, Jamesville, Lake Crystal, LeSueur, New Richland, Hartland, Revere, Tyler, Amiret, Lake Benton, Kasota, Manchester, Matawan, Blooming Prairie, Herman, Clontarf, Danvers, Holloway, Milan, Starbuck, Kandiyohi, Pennock, Villard, Kerkhoven, Graceville, Barry and Brainerd.

Mr. Heidel will remain in town for a week or so. L. F. Hough, formerly manager of a yard in Hutchinson, has been placed in charge of the Brainerd branch and will remove his family here as soon as he can find a home for them.

"Our company", said Mr. Heidel, "is proud to enter business life in Brainerd and we hope to acquire the friendship of the entire community."

Carl Adams, long in charge of the Winnor-Adams Lumber company in Brainerd, will retire for a period to a well earned rest. He is undecided as to what business he will take up later on. He will continue his residence in Brainerd where he has many other interests.

ish a good mailing list for fountain pen manufacturers, if the daily mail

received by Katherine MacDonald can be taken as a criterion.
This First National star's daily average of pencil written epistles is 472; 174 are in ink, 20 are typewritten, 7 are picture postcards and one is indited on a government postal card.
The American Beauty, who will be seen at the New Park Wednesday only in her latest starring vehicle, "The Woman's Side," would not give out the percentage of letters containing matrimonial overtures, but she admitted that it was "high enough."

"The Way of a Maid"

For those who want a surefire recipe for the blues, "The Way of a Maid," starring Elaine Hammerstein, will provide it for you at the New Park on Friday and Saturday.
In the captivating role of Nadia Castleton, orphan and society heiress, Miss Hammerstein added another success to her list of Selznick characterizations. In none of her former achievements has she established herself more completely in the hearts of her followers than she did last evening. Nadia Castleton gives her ample opportunity to run whole emotional scale, and Miss Hammerstein improves the opportunity with a vim.

Russia Key to Restoration of Europe
Washington, May 31.—Policies now being followed by the governments of Europe will lead to war or to the imposition of conditions on the masses almost as bad as war, Senator Borah declared in the senate today.

Russia, Borah said, is the key to restoration of Europe, and there can be no peace or disarmament in Europe until the Russian problem is settled.
There will be no return to prosperity in America until Europe is back at work.

Spring Is Here

The approach of spring very often causes eruptions to appear on your body. If your elimination is up to normal you will be spared these annoying rashes. CHIROPRACTIC VERTEBRAL ADJUSTMENTS will do much to keep your eliminatory organs in such condition that the skin will not be forced to work overtime. SEE YOUR CHIROPRACTOR and get him to give you a spinal analysis now.

Paid Fancy Prices

"I paid an international authority on diseases of the stomach \$1,500 and he didn't do me five cents' worth of good. I have been to various Spas in Europe, as well as this country and have spent fully \$30,000 fruitlessly in search of a cure for my stomach trouble. Naturally I lost faith in any remedy for my case. My wife's brother had taken Mayr's Wonderful Remedy and praised it so highly that I tried it and am now entirely rid of that trouble. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Johnson's Pharmacy and all leading druggists.

Taste is a matter of tobacco quality

We state it as our honest belief that the tobaccos used in Chesterfield are of finer quality (and hence of better taste) than in any other cigarette at the price.

"They Satisfy"

Hupmobile Always On the Go

More than all else, the one thing that makes a man say, "It pays to own the Hupmobile," is the uncommon way it stays fit, with the least of expert tuning and tinkering; and the way it lasts.

It is particularly immune from the petty adjusting which so many car owners regard as part of their regular routine.

It is almost proverbial that the Hupmobile is always ready and willing, for an hour's drive, a day's run, or a month's tour; always on the go.

Can you think of any other car, high-priced or low-priced, that has the same fine kind of reputation everywhere?

Touring Car, \$1250; Roadster, \$1250; Roadster-Coupe, \$1485; Coupe, \$1835; Sedan, \$1935;—Cord Three on all models—Prices F. O. B. Detroit. Revenue Tax Extra.

Your Wife Will Welcome This Plan

If you could arrange your insurance now so that your wife would have relief from investing and handling this money when it arrives, you may be sure she would appreciate your foresight. What she wants is an assured income free from worry.

The "W-D" Life Insurance Trust makes just such an income possible.

Under our arrangement you can outline exactly how this money shall be invested and to whom and how the income shall be paid. You can provide also that the trustee pay out installments of principal if the income alone is insufficient. Wells-Dickey Trust Company, acting as Trustee, then handles all details in strict accordance with your instructions as stated.

Our booklet, "Family Protection with Doubt Left Out" shows how easily our service can be fitted to the needs of your dependents. Call or write.
